Dear Chairman Pai,  
I write to support the Comments of the Cable Act Preservation Alliance ("CAPA") and to disapprove of the proposals and tentative conclusions set forth in the FCC's September 25 Further Notice of Proposed Rule Making in Implementation of Section 621(a)(1) of the Cable Communications Policy Act of 1984 as Amended by the Cable Television Consumer Protection and Competition Act of 1992, MB Docket 05- 311.

On a personal note, I have some advice for Chairman Pai. You sir, have a very bad reputation in America, so I am not going to try to appeal to your goodness about why cable access stations are so revered in their communities, but rather to your sense of self-preservation.

Comcast is one of the most hated corporations. The Trump administration and the Republican Party are on their way out, due to treason, corruption, and conspiracy. Everyone on the FCC board needs to have a game plan for him or herself when the shit hits the fan. I would suggest that you all take this opportunity to become heroes in America, so that when you leave your posts, the stench of this administration does not linger on into your future employment.

Sincerely,

Kristina Kehrер
